

WALDEN

BUSINESSES, INC.

MERGER & ACQUISITION SERVICES

January, 2018 - **Walden Businesses, Inc.** is pleased to announce the successful sale of its two entity client, **Aero Info, Inc.**, and **Quality Aircraft Tooling**, to **AIM27, Inc.**, a Georgia corporation. Walden initiated this transaction, assisted in negotiations leading to its conclusion, and acted as advisor to the seller.

Based in Sonora, California, with offices in Marietta, Georgia, **Aero Info, Inc.** (www.aeroinfoinc.com) designs, manufactures and markets aviation electronic ground support equipment (EGSE). **Quality Aircraft Tooling** specializes in the design and manufacture of high quality tooling and engine handling equipment (GSE). Both companies serve a worldwide market through manufactured products for commercial and military aircraft.

Aero Info and QAT president, Michael F. Wilson, commented, "Walden did an excellent job marketing my companies for sale and exceeded my expectations throughout the process. I applaud the efforts of all involved.

Initially reviewing my sell options, I researched many merger and acquisition firms. I was very impressed with the level of professional M&A knowledge and counsel given me from Walden Businesses. After further review and discussing my exit strategy goals, Walden Businesses won my trust and my business listings. I won a business advocate who diligently negotiated on my behalf, resulting in my companies' sale within a reasonable time frame and for a price that met my goals.

I would absolutely recommend Walden Business Inc. to anyone wishing to sell or buy a business."

Walden Businesses, Inc., founded in 1991, is an Atlanta based mergers and acquisitions firm specializing in the representation of privately held companies in the manufacturing, distribution and business services markets.
